SUPPLEMENTARY INFORMATION DISCLOSURE STATEMENT (WITH PETITION)

MAIL STOP AMENDMENT

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Further to the Supplemental Information Disclosure Statement filed July 29, 2002, the Examiner is respectfully requested to consider certain additional references, copies enclosed, which may qualify as prior art. For the Examiner's convenience, the references are listed on the attached Patent and Trademark Office form PTO-1449.

This PTO-1449 also includes references which were listed on the prior form but not available to the Examiner. It is noted that not all of the references listed on the prior form are included herewith; it is believed that those references not provided with this submission are either cumulative to references already provided or are not relevant to the currently pending claim.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

Because an Office Action on the merits has been issued, Applicants respectfully petition for consideration of the enclosed references.

This submission is accompanied by a Petition for Extension of Time (one month), two references, an Amendment and a check in the amount of \$430, including \$180 for consideration of an Information Disclosure Statement submitted after an Office Action. It is believed that this response does not necessitate the payment of any additional fees under 37 C.F.R. 1.16-1.17. If the amount submitted is incorrect, however, please charge any deficiency or credit any overpayment to Deposit Account No. 07-1969 grant any needed further extension of time.

Respectfully submitted,

Donna M. Ferber
